### Here's **four great reasons** to choose matting from Source Floor:

#### **#1 Stops the flop.**

Our super-stiff, super-sturdy, heavy duty safety edging stops mat flop. No more lumpy, wavy, flopped-over-corner trip hazards at your main door with floor mats from Source Floor.

#### **#2 Stops the mop.**

Our entrance mats aren't just beautiful – they're functional too! All our mats work as hard as you do to stop rain, snow, mud, and dirt in its tracks at your door, not splattered all over your store.

#### **#3 Tailor-made to order.**

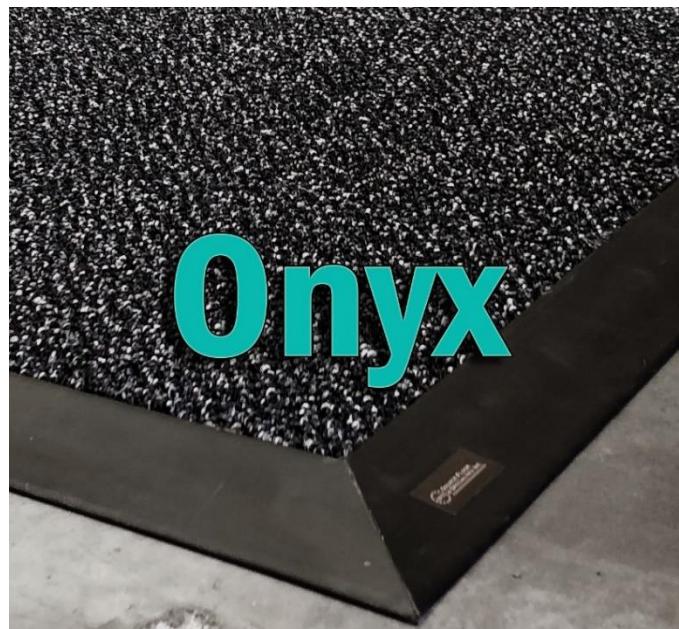

All of our entrance mats are custom made-to-order right here in BC. And there's no special upcharge for custom sizes! Commercial buildings come in all different shapes and sizes – shouldn't your mats too?

#### **#4 Matting, not laundry.**

Typical rental-grade mats tout that they're "launderable" ...just like a floppy, slippery bath towel thrown down on the floor. Our mats are as easy to clean as any other flooring because they **are** real flooring...not laundry.

## GRIZZLY FX

### Premium Nylon Indoor Scraper / Dryer Matting

- Our highest-quality, best performing matting product – with nylon!
- Blend of polypropylene scraping fibres and nylon drying fibres provide the **highest level of dirt and water removal** out of all our matting products.
- Available in colours **Ebony** or **Onyx**! Also available with **custom logos** cut and inlaid (not printed!) directly into the mat.
- **Vinyl backing** prevents water from leaking through the mat, and will not stain the floor underneath.
- Includes **heavy duty safety ramped vinyl edging** in Grizzly Edge profile (standard); other edging profiles available for special-purpose uses.
- **75% Econyl recycled nylon fibres** provide unbeatable water absorbing power.
- 25% polypropylene looped fibres stand 'proud' of the nylon face to provide **scraping and cleaning action**.
- Face weight of 27oz per square yard.
- Tufted loop construction for a **luxurious, carpet-like appearance**.
- More info at [www.sourcefloor.com/grizzlyfx/](http://www.sourcefloor.com/grizzlyfx/)
